How We Can Help You

As designers, manufacturers and distributors of a variety of high-quality polyethylene and polyurethane products we can supply a wide range of products that will help your institution.

Consider our OZ LOKA® system which is based on a simple modular system that allows you incredible flexibility, you can choose different body base sizes / footprints. Choose different sized doors and different door colours in the same locker bank or within a single locker body. Our full range is featured in this booklet.

Introducing OZLOKA

Oz Loka® lockers have unique advantages over lockers made from other materials such as timber and metal. They are designed to last and to keep looking good in all environments. Oz Loka Lockers are easy to clean - simply hose them out.

- ▶ The lockers are made of Heavy-Duty Polyethylene with a high-grade stainless steel hinge - so they are perfect for wet areas, coastal locations and the outdoors.
- ▶ UV stabilised with a **HUGE** range of anti-fade colours to choose from
- ▶ Lightweight & stackable so they are easy to move and install
- ▶ Quieter than metal or timber lockers, no banging doors.
- ▶ No painting required
- ▶ Easy to clean and lowest maintenance. Just hose them out!
- ▶ Proven strength and durability - backed by our 15 year warranty.
- ▶ Graffiti is easier to remove
- ▶ Smooth Corners - No more sharp edges

International Patent No. 1050325

Slight size variation may occur due to manufacturing process. Speak to a sales consultant for more information.

Build your lockers your way.

The Oz Loka® system is based on a simple modular system that allows you incredible flexibility. Choose your locker body - then your locker height - finally how many doors. **Create your own unique locker installation in 3 simple steps:**

1

Choose Locker Body

Select from 6 different locker body sizes.

A Series B Series C Series D Series E Series H Series

2

Choose Locker Height

Choose 1 - 9 different locker heights.

9 LOCKER HEIGHTS TO CHOOSE FROM

3

Choose Locker Doors

Select the standard single doors or multiple doors.
